FLEXIBLE PIPE & ACCESSORIES

FLEXNET PIPE WITH FLAT PLUGS – KITS

To enable maximum flexibility, the closer spacing FlexNet allows the grower to use the 1/2" Flat Plugs* to close the outlets that are not required.

Each 100m FlexNet coil of 0.30m spacing comes standard with 250 Flat Plugs (5 Bags of 50 Plugs).

The below combinations (with Flat Plugs) are Stock Items.

FLEXNET WITH 1/2" CONNECTOR OUTLETS WITH FLAT PLUGS			
	CODE	DESCRIPTION	COIL
			M
	43002-000400	FXN 2" 1/2" CONN 0.30M 100M	100
	43002-001042	FXN 3" 1/2" CONN 0.30M 100M	100
	43002-003269	FXN 4" 1/2" CONN 0.30M 100M	100

*Spare Flat Plugs can be purchased (50 Plugs per Bag) – Bag Code = 42000-027105 Under "Flexnet & Flexnet Hp Accessories" (F11)

Note: The Flat Plugs have a low profile which allows traffic to pass over the fitting as long as the FlexNet pipe is de-pressurised

PLEASE NOTE

All other FlexNet combinations (Blank and designated spacings) are NON-STOCK items.

Minimum Order quantity of 6 coils required for NON-STOCK items.
