## MAKE UP MAGIC

### 3-D Gel

Mehron's 3-D Gel is a Gelatin-based special effects product for creating realistic skin and prosthetic pieces.

Available in Flesh and Blood Red.

This product is very easy to use, a perfect alternative to latex, requires no adhesive and removed with soap and water.

All you need to do is place the bottle in a cup of hot water for a few minutes until the product has liquefied.

Always test the temperature of the product before using, the inside of the forearm is a good area.

Apply using a brush, finger, toothpick or spatula. Build up in thin layers, allowing to cool between each layer.

Removal is as simple as peeling off, then washing off any remaining residue with mild soap and water.

#### TIPS

- To create textures and bumps, allow the product to cool slightly, then pull and move the gel for realistic effects.
- A finger dipped in warm water will help smooth gel over the skin.
- Using the Blood Red colour can create realistic blood effects that will not smear or run like traditional Stage Blood.
- Once the gel has cooled and set on the skin, any
- An application of translucent powder will set the 3-D Gel and reduce the shine.

#### Available in:

**Blood Red 0.5 oz \$ 6.88**  
**Flesh 0.5 oz \$ 6.88**  
**Blood Red 2 oz \$13.54**
